Owners will be held responsible for payment of the cost of repairs for all damage caused to Association property by themselves, members of their families, guests, tenants or pets.

All common area equipment, i.e. time clocks and watering systems, gates, etc., are to be adjusted and set by authorized personnel only and not by residents. Homeowners may report problems related to the common area facilities to the management company 24-hours a day (see Page 3 for further information). Some of the common area facilities located within Rancho Serrano Homeowners' Association include: private streets, entry/exit gates, some stucco walls, specific landscape areas, lights, etc.

Mailbox facilities are the property of the Rancho Serrano Homeowners. The U.S. Post Office regulations prohibit posting notices of any kind on the mail box units (sides, front, top or back).

Regular meetings of the Board of Directors are conducted monthly.

Owners and tenants are encouraged to attend these meetings, and may offer input during the designated portion of the agenda. Specific dates and times of the meetings are available by contacting the management company.

All proposed exterior improvements are required to be submitted in writing by completing and submitting a Home Improvement Form

(Exhibit A) to the Association. The Architectural Committee of the Rancho Serrano Homeowners Association will review the Home Improvement Form. The Home Improvement Form should include the names and dimensions of all materials, as well as the sizes and names of all proposed plants, trees, etc.

Even though there is a sample of the Home Improvement Form in this manual, owners are reminded they need to obtain an original form from the management company since there may be changes from time to time.

Listed below are some of the guidelines for owners to follow. Additional and more specific information can be found in the recorded CC&R's.

1. Any changes to the landscaping, including the planting of trees, shrubs, flowers, and vegetables, etc., shall first be approved by the Architectural Committee.
2. All exterior painting must conform with the approved paint colors assigned to each unit and lot as originally established by the developer. Proposed changes in paint colors must be submitted through the filing of a Home Improvement Form, along with paint chips showing the proposed colors, to the Architectural Committee. Rancho Serrano color charts are available for viewing at the Avalon Management office or visit www.myranchoserrano.com/paint-colors.html.
3. No exterior structural improvements, i.e. patio slabs, patio covers, screens, sunshades, awnings, walls, fences, air conditioning units, screen doors, security doors, satellite dishes, etc., shall be installed without first receiving architectural approval.
4. Satellite dishes which are 36" or smaller in diameter may be allowed if they cannot be seen from the common area or any street. Homeowners are required to seek antenna and satellite approval from the Architectural Committee. See attached addendum, pages 32-33, for Antenna/Satellite Dish Installation and Maintenance Policy.
5. Patios, balconies, decks, fences, etc. shall not be used for such purposes as drying laundry, airing out rugs, miscellaneous storage, etc. These areas are to be considered aesthetic additions to the primary

structures and are to be utilized in good taste so as to be generally attractive and inoffensive to other homeowners.

6. No exterior clotheslines are to be installed.

7. Only one aesthetically acceptable "For Sale/For Lease/For Rent" sign, no larger than 2' x 2', is permitted to be displayed for public view in the front yard area. No sign shall be erected in the common areas except by the authority of the Board of Directors.

15. Awnings shall be allowed only on the first floor of the unit and only on the rear windows. All awning coverings shall be made with a solid color, which must match the unit's stucco or trim color. All awning arms and mechanical pieces must be hidden from view and shall not be allowed to show when opened or reclined. Inspections of awnings by the Architectural Committee shall be performed on an as-needed basis.

16. Screen Doors: All owners requesting approval for the installation of a secondary type of exterior door must first file a Home Improvement Form with the Architectural Committee. The form should be accompanied by a brochure or picture, detailing the design or type of screen door requested.

The Architectural Committee must review all forms and homeowners must receive approval *prior* to installation.

- Screen retracts into a small out of the way housing.
- Housing is made of extruded aluminum that matches the existing door trim color.
- Screen housing must mount inside of the existing doorframe.
- Screen material must be made of fiberglass.

With the exception of disappearing or vanishing screens, screen doors, whether made of aluminum, wood, or some other type of material, will not be allowed on any front door of the homes in Rancho Serrano HOA. Security/Screen doors will be considered for approval for side and rear doors. Approval may be based upon visibility of the door to other lots, streets, or other public view such as the golf course.

Security/Screen Doors (restricted to side and rear doors)

All proposed security/screen doors must be painted or purchased in the same color of the door being covered. No other colors will be allowed or considered.

The security/screen door must not have excessive ornamental designs on the exterior.

Automatic door closures must be installed on all security/screen doors, to prevent them from becoming a noise nuisance to surrounding lots. Owners will perform routine periodic maintenance on the doors and agree to keep them in a neat and clean condition.

The Architectural Committee will have the ability to inspect the security/screen doors at any time by making an appointment with the homeowner.

The Architectural Committee reserves the right to require the removal of the security/screen door at any time, for any of the above reasons.

Wall/Fence Painting and Construction Policy

Architectural Committee approval *is required* for the painting or replacement of any homeowner stucco walls or fencing.

Owners shall not be permitted to construct any fences or walls upon any portion of a slope being maintained by the Association, or upon Association property.

Maintenance: The perimeter walls/fences shall not be removed, re-located, re-constructed or modified as to structure, finish or color without the prior written consent of the Architectural Committee. Each owner shall repair or re-construct that portion of any damaged or destroyed perimeter wall/fence that is contiguous to his residence to a condition approved by the Architectural Committee. If you move a gate or fence, you are *required* to obtain Architectural Committee approval. It is the policy of the Master Association's Architectural Committee to encourage the replacement of wood fencing with approved 'tan' vinyl fencing.

Vinyl Fencing Specifications: Vinyl fencing may be constructed within the Redhawk Master Association and Rancho Serrano Homeowners Association. However, Architectural approval must be obtained prior to the start of any construction. Following are the preferred specifications for construction of vinyl fencing. It is recommended that homeowners research and select a high quality vinyl fence, designed to resist sun fading, high winds and yellowing.

Style & Type: Tongue & Groove Privacy Fencing
Color: Tan

Height: Same height as existing fence being replaced.
(normally 5' feet)
Capping: External flat cap.

Tan Color Requirement: Effective July 1, 2009 all current and all future wood and vinyl fencing (exterior front facing fencing), within the Master Association and Rancho Serrano Homeowners Association, shall be 'tan' in color. The required color shall be available at Dunn-Edwards and is called "**Nomadic Taupe – DE6192**". Prior approval *is not* required if you are going to re-paint wood fencing with Nomadic Taupe – DE6192. Owners who do not comply by July 1, 2009, either by painting the approved color Nomadic Taupe – DE6192, or by authorized replacement with 'tan' vinyl fencing, will be subject to disciplinary action under the governing documents for the Association.

Architectural Committee Approval

Approval by the Rancho Serrano Homeowners Association Architectural Committee is not deemed to be exclusive. Building Codes, Redhawk Master Community Association, and other City of Temecula or State required permits and regulations must also be obtained and met, as required.

Upon completion of any work for which approved plans are required, the owner shall give written notice of completion to the management company. An inspection date will be arranged and the management company will mail, following the inspection, written approval/disapproval to the owner.

If the inspection indicates the work was not performed in substantial compliance with the approved plans, the owner will be notified in writing and requested to correct the deficiency(ies) within thirty (30) days. If upon expiration of the thirty (30) day period the owner fails to remedy the item(s) identified, a report will be submitted to the Board.

After allowing the owner sufficient time of notice and a hearing is scheduled and held, the Board shall determine whether there is non-compliance and if so, request the owner to remedy the situation. If the owner does not comply with the Board ruling within the allotted period of time, the Board may remedy the non-compliance and the owner will be charged for the reimbursement, upon demand, for all expenses incurred in connection

therewith. If the owner does not promptly pay such expenses, the Board shall levy a special non-lien assessment against such owner for reimbursement.

Noise Regulations

Owners are reminded that noise can be a problem at any time and should be considerate of others. Everyone is encouraged to respect the rights of homeowners to live in a peaceful and quiet environment. Noise can be a difficult situation to control, especially during the summer months, when doors and windows are open. Therefore, during these times of the year, owners are particularly reminded to be conscientious of others living close to you and keep the noise level as low as possible.

It is the responsibility of all parents to see that their children do not unnecessarily disturb other residents. Children should be properly supervised and parents are responsible for any damage caused or incurred by their children and/or guests.

Radios, televisions, musical instruments, power tools, party activities, and other noise sources (including barking dogs, car horns and extended warming up of car engines) must be restricted at all times to a level that does not disturb other residents.

For reasons of community respect, please lower noise volume and keep to a minimum during the hours of 9:00 p.m. till 8:00 a.m., when most residents will be sleeping.

It is the responsibility of all owners and tenants to inform their guests of the above noise control rules and to abide by them.

Garage Sales

Pets/Animals

Dogs shall not be allowed to soil, litter or destroy common area property. Pursuant to County of Riverside Ordinances, owners shall carry waste clean-up materials and dispose of their animal waste properly. (It is recognized that due to the fact that cats are not subject to the leash laws, they shall be allowed to roam freely and may not be subject to these restrictions.)

Owners are reminded that all dogs must be on a leash at all times and under personal control when outside individual living quarters, in accordance with County Regulations. Owners that do not confine their dogs or abide by these requirements may be subject to a fine and further restriction imposed by the County and Board of Directors.

Animals shall not be permitted to urinate on plants and shrubs in the common areas.

No animal, livestock or poultry of any kind shall be raised, bred or kept within any lot/unit. Dogs, cats or other household pets may be kept provided that they are not kept, bred or maintained for any commercial purposes.

Structures for the housing or confinement of any animal or bird, including kennels, carriers, and doghouses, shall not be maintained so as to be visible from neighboring property.

All homeowners shall be responsible and liable for any personal injury or property damage caused by their pets or their tenants'/guests' pets. Any Violation regarding animals must be submitted, in writing, to the Board of Directors.

For example, if you park a recreational vehicle within Rancho Serrano more than three times per month, or it is within Rancho Serrano for more than 72 hours, you are in violation of this rule.

Garages are for vehicular parking and ingress and egress to the residential lots. Garages shall therefore not be used for long-term storage where such use forces the parking of vehicles outside of the garage. No automobile or other vehicle shall be parked or stand outside of a garage if there is space for such automobile or vehicle in the garage, and no garage shall be used for any purpose which would preclude the parking of at least two (2) automobiles inside of it. This applies to both daytime and nighttime parking.

Street parking is prohibited. If a resident has to park a vehicle on the street because more than five vehicles will not fit within the garage or driveway, it must be parked adjacent to the curb in front of the home, between the boundary lines of the lot. If a resident does not have curb space in front of the home; e.g. a cul-de-sac lot, then the vehicle must be parked at the closest common area curb and 15' away from any fire hydrant. Residents must apply for a permit to park a vehicle on the street overnight; permits shall only be issued if a need for such parking is exhibited. Unless a permit has been granted, no vehicle may be parked on any street between the hours of 12:00 AM and 6:00 AM.

Residents are responsible for their guests' parking. If there are more than five cars on the property forcing guests to park on the street overnight, then a temporary permit must be obtained through Avalon Management. Commercial vehicles are not allowed to be parked within the community.

On the day of street sweeping, the streets must be clear of vehicles or any other items; e.g. garbage cans, which would interfere with a thorough sweeping of the street. Try to schedule contractors on none garbage collection

days or have them park on your driveway.

No vehicle will be permitted to stop or park upon any private community street, in a direction opposite to that in which traffic normally moves upon that half of the roadway on which such vehicle is stopped or parked.

No one is allowed to park motor vehicles on any sidewalk or green belt area.

For security, personal safety, appearance and general aesthetic reasons, garage doors must be kept closed at all times, except as necessary for doing yard work and ingress/egress.

No extended vehicle maintenance or overhaul work is permitted unless performed within a completely enclosed garage, i.e. with the garage door closed.

Each owner is responsible for cleaning up any oil grease spills or stains on the driveway in front of his/her home. Oil stains on the private streets may be removed by the association and billed to the homeowner. Homeowners may also be charged for oil stain removal from the streets if their tenants or guests are responsible.

Major automobile repairs will not be allowed on the common area property, including the private streets.

No motor vehicle shall be left in a condition that will constitute a fire hazard. In addition, residents may not park disabled, unsightly or unregistered vehicles on Association property. Unsightly shall be defined as any vehicle the Board of Directors feels detracts from the appearance of the property.

Covered vehicles are defined as operating vehicles that are utilized on a continuing, regular basis, and are covered with an appropriate vehicle cover and parked for a period of time not to exceed 72 hours.

Maximum speed limit for any vehicle being driven within Rancho Serrano is 25 mph.

Children should be discouraged from riding bicycles, skateboards, roller skates and/or roller blades on neighboring properties.

State law mandates that all children under the age of 18 must wear a helmet while riding on skateboards, in-line skates, scooters or bicycles.

Vehicles parked within Rancho Serrano Homeowners' Association shall be operable and registered vehicles.

Owners are prohibited from blocking streets and lanes in any manner that would obstruct the access of Fire Department or other emergency vehicles.

All vehicles which are in violation of “VEHICLE AND PARKING REGULATIONS” are subject to fines. Street parking violations are subject to both fines and towing at the owners expense.

Street Play Items

All street play items, e.g. hockey nets, basketball hoops, skateboards, skates, balls, roller blades, etc., must be picked up and removed from the private streets and sidewalks upon completion of play. Storage of all items must be contained within the resident's garage or behind the resident's fence.

The resident or resident's children must be present at all times while the street play items are being used. If street play items are abandoned or left unattended, removal from the private streets and sidewalk areas, may be made by any member of the community.

The owner of the street play item(s) being utilized or left unattended, is solely responsible for damage or injury caused to, by or as a result of neglect, to any individual or person(s), while within the community.

Entry/Exit Gates

The entry and exit gates to the community are Association property. Programming and maintenance of the gates are the responsibility of the Board of Directors and is handled through the management company.

Homeowners are reminded to contact the management company if they observe any damage or mal-functioning problems associated with the operation of the motorized gates.

Owners are requested to contact the management company within five (5) days of moving into the community so their names can be programmed into the directory.

Damage caused by owners, residents, guests or children shall be the direct responsibility of the registered owner. Payment for the repairs shall be immediately due, to the management company.

Golf Course

Due to the location of units within the Rancho Serrano Homeowners' Association, owners are reminded about the potential effect on their lot and improvements, from stray golf balls.

All owners are encouraged to read Article XXI, Section 21.1, located on Page 61 of the Rancho Serrano Homeowners' Association CC&R's for further information pertaining to the Redhawk Golf Course.

Solicitation

Pursuant to the authority provided by Article VI, Section 6.5 of the Declaration of Covenants, Conditions and Restrictions (CC&Rs), the Board of Directors of the Rancho Serrano Homeowners Association has enacted the following rules with respect to solicitation and advertising within the community.

- 1. No person, including a member of the Association, shall be permitted to distribute, deliver, hand out or leave any unsolicited commercial newspaper, flyer, or advertising material within the Rancho Serrano community, whether it is left at a residence, in the common areas or handed to a resident.**
2. No person, including a member of the Association, shall approach any Association resident, or the door of any residence in the community

for the purpose of making unsolicited requests for money or commercial transactions where the motive is pecuniary gain to the solicitor or the solicitor's employer or company.

3. The foregoing prohibitions are intended to apply to commercial and business related activities only, and not to the free expression of opinions and beliefs by members of the Association.

These Rules and Regulations will be reviewed by the Board of Directors on an annual basis and distributed to the membership, as deemed necessary.

ASSESSMENT COLLECTION POLICY AND STANDARDS FOR PAYMENT PLANS

Effective 2014

Prompt payment of Assessments by all owners is critical to the financial health of the Association, and to the enhancement of the property values of our homes. Your Board of Directors takes very seriously its obligation to enforce the members' obligation to pay assessments. The Board has adopted this Collection Policy in an effort to discharge that obligation in a fair, consistent and effective manner. The following are the Association's assessment collection practices and policies, pursuant to Civil Code ("CC") §5310(a)(7) and payment plan standards consistent with CC §5665:

1) Due Dates: Regular assessments are due and payable on the first day of each month. It is the owner's responsibility to timely pay each assessment regardless of whether a statement is received. All other assessments, including special assessments, are due and payable on the date specified in the notice of assessment.

2) Obligation to Pay: Assessments, late charges, interest, reasonable collection costs, and reasonable attorneys' fees, if any, are the personal obligation of the owner of the subject property (the "Property") at the time the assessment or other sums are levied. (CC §5650(a).) Owners shall be responsible for all such amounts unless it is determined that all assessments were paid on time to the Association. (CC §§5650(b); 5650(a).)

3) Late Charges: Unpaid assessments are delinquent 15 days after they are due. (CC&Rs, Art. IV, §4.1); CC §5650 (b).) A late charge of \$10.00 will be charges, plus a collection cost of \$5.00 for delinquency notice sent for any assessment which is not paid in full within 15 days of the due date. (CC&Rs, Art. IV, §4.1); CC §5650(b)(2).

4) Interest: Interest on the balance due will accrue at the rate of 12% per annum commencing thirty (30) days after the assessment becomes due. (CC&Rs, Art. IV, §4.1); CC §5650(b)(3).

5) Application of Payments: Any payments received will be applied first to assessments owed, and, only after the assessments owed are paid in full will the payments be applied to fees and costs of collection, late charges and/or interest. Payments will be applied to assessments so that the oldest assessment arrearages are retired first, unless the payment indicates that it shall be otherwise applied. A late charge may accrue if payment is not sufficient to satisfy all delinquent assessments, and the current month's assessment.

6) Delinquency Notice: If any assessment becomes delinquent, the Association will send a notice regarding the delinquency, and demanding payment thereof, to the owner at his/her address or addresses on file with the Association. The owner will be charged a fee for such delinquency notice. If the amount set forth in the delinquency notice is not received before the due date set forth therein, the matter may be turned over to a collection agent or an attorney for further action, including legal action, or the Association may take such other collection action as it deems appropriate.

7) Right to Submit Secondary Address: Owners may submit a written request to the Association to use a secondary address. (CC §5260(b).) Any such request must be delivered to the Association in a manner that complies with CC §4035. The Association will send notices to the indicated secondary address only from and after the point that the Association receives any such request. Nothing herein shall require the Association to re-send or duplicate any notice sent to the owner prior to the date that a request for a secondary address is received.

8) Suspension of Privileges: Without prejudice to its right to continue with and/or take other collection action, in the event an assessment is not paid within 30 days of its due date, an owner's membership rights, including, but not limited to voting rights, or rights of use and enjoyment of the recreational common areas and common facilities may be suspended after notice and a hearing pursuant to CC §5855 and Corporations Code §7341. The Association will not deny an owner or occupant physical access to his or her separate interest by way of any such suspension of privileges. (CC §4510).

9) Pre-Lien Notice: Prior to recording a lien for delinquent assessments, the Association, its collection agent or attorney will send a pre-lien letter to the record owner as required by CC §5660 by certified and first class mail to the owner's address of record with the Association. The owner will be charged a fee for such pre-lien letter. The Association may obtain a vesting report from a title company in connection with preparation of a pre-lien letter. If a vesting report is obtained, the owner will be charged a fee for the report.

10) Opportunity to Meet and Confer: An owner may dispute the debt noticed in the pre-lien letter by submitting to the board a written request to meet and confer with a designated director of the Association pursuant to the Association's Internal Dispute Resolution established in accordance with Article 2, Section 10 of the Act ("IDR") and/or a written request for alternative dispute resolution with a neutral third party pursuant to Article 3, Section 10 of the Act (ADR). (CC §5660).

11) Right to Request a Payment Plan: Owners may submit a written request to meet with the board to discuss a payment plan. If such request is mailed within 15 days of the postmark of the pre-lien notice, the board will meet with the owner, in executive session, within 45 days of the postmark of such request, unless there is no regularly-scheduled meeting of the board within that period of time, in which case the board may designate a committee of one or more directors to meet with the owner. (CC §5665.) In addition to the foregoing procedure

for requesting a payment plan, an owner may negotiate a payment plan with the Association's managing agent, attorney or authorized collection agent. Any payment plan must comply with the Standards for Payment Plans set forth herein below.

12)Standards for Payment Plans: Payment plans will be considered on a case-by-case basis. Generally, no payment plan may exceed six (6) months in duration. Fees and/or costs may be charged for the administration of any payment plan, and may vary based upon the duration of the payment plan. Any request for a payment plan which exceeds six months in duration must be accompanied by a written explanation of the reason for the request, which includes documentation of the owner's special circumstances, financial hardship, and ability to make the payments requested. If a lien has not been recorded prior to the time that any payment plan is entered into, one may be recorded during the repayment period to secure the debt while the payment plan is pending. Payment plans must provide for full payment of the delinquent amounts, in addition to the amounts which will accrue during the repayment period, including any regular and/or special assessments, and any fees and/or costs related to the administration of the payment plan and/or for the recording and/or release of any lien. Once a payment plan is entered into, additional late charges will not accrue for so long as the owner complies with the terms of the payment plan. In the event of a default in any payment agreement, the Association will resume collection efforts from the time prior to entering into the payment plan. (CC §5665).

13)Lien: If an owner to whom a pre-lien letter is sent fails to pay the amounts demanded therein within thirty (30) days from the date such pre-lien letter is mailed, a lien for the amount of any delinquent assessments, late charges, interest and/or costs of collection, including attorneys' fees may be recorded against the owner's Property. (CC §5675). The owner will be charged a fee for such lien. No lien will be recorded unless a majority of the members of the board of directors approves the decision to record the lien at an open board meeting. (CC §5673).

14)Notice of Recordation of Lien: A copy of the lien will be sent to every person whose name is shown as an owner of the Property in the Association's records, via certified mail, within ten (10) calendar days of recordation of the lien. (CC §5675(e)) Any lien recorded by the Association will remain as an encumbrance against the Property until the debt secured thereby is satisfied.

15)Dispute Resolution: Prior to initiating foreclosure of any lien, the association shall offer to the owner of the Property, and if so requested by the owner, shall participate in IDR and/or ADR pursuant to CC §5705. The decision to pursue internal dispute resolution or a particular type of alternative dispute resolution shall be the choice of the owner, except that binding arbitration shall not be available if the Association intends to pursue judicial foreclosure.

16)Foreclosure of Lien: The Association will not seek to foreclose any lien through judicial or non-judicial foreclosure unless and until the amount of delinquent (CC §5720(b)(2)) assessments secured thereby reaches \$1,800.00, or until the assessments are at least twelve (12) months delinquent. The decision to initiate foreclosure of any lien shall be made by a majority vote of the board members, in executive session.

17)Notice to Owner of Decision to Foreclose: If the board of directors decides to initiate foreclosure of a lien, it shall provide notice of such decision to the owner pursuant to CC §5705(d). Such notice will be by personal service to an owner who occupies the Property or to the owner's legal representative. The board shall provide written notice to an owner of Property who does not occupy the Property by first-class mail, to the most current address shown on the books of the Association. In the absence of written notification by the owner to the Association, the address of the owner's Property shall be treated as the owner's mailing address. (CC §5705(d)).

18)Release of Lien Upon Satisfaction of Debt: Within 21 days of receipt of full payment to satisfy a lien, the Association will record a release of lien, and provide a copy thereof to the owner. (CC §5685(a)).

19)Right to Inspect Records: Owners have the right to inspect certain Association records pursuant CC §5205.

20)Association's Addresses: Any payments, notices or requests sent to the Association should be sent to the following address:

21)Association's Right to Collect by Any Lawful Means: Nothing herein limits or otherwise affects the Association's right to proceed in any other lawful manner to collect any delinquent sums owed to the Association. The Association reserves the right to change the amount of any collection fee or charge, without notice, and reserves the right to modify or amend this collection policy at any time.

FINE SCHEDULE

RANCHO SERRANO HOMEOWNERS ASSOCIATION FINE SCHEDULE

ADOPTED OCTOBER 2016

The Rancho Serrano Homeowners Association (“Association”) has the right to enforce the Association’s Governing Documents pursuant to the CC&Rs. This right includes requesting the violating Owner to cease the offending action, suspending the violating Owner’s membership rights, levying a special/reimbursement assessment against the violating Owner, fining the violating Owner, and, if necessary, filing a lawsuit against the violating Owner. Once the Board of Directors is aware of a violation, the Board will investigate the allegation and, if necessary, take appropriate action against the violating Owner. However, nothing in this section obligates or requires the Board of Directors or its authorized committee to take any action against an individual Owner.

A. **Due Process.** Prior to the imposition of any fine or special/reimbursement assessment, the violating Owner shall be given notice and an opportunity to appear in person or in writing before the Board of Directors or its committee. Due process will be conducted in a manner consistent with the CC&Rs such that at least ten (10) days’ notice will be given of any hearing and the owner will be notified in writing of the outcome and the imposition of any discipline or fine within five (5) days after the hearing.

B. **Enforcement Guidelines.** Generally, absent special circumstances, the Association will adhere to the following discipline and fine protocol for violations of the Governing Documents:

(i) *Warning Notice:* Initial warning letter and request to correct violation within a reasonable amount of time as determined by the Board or its committee.

(ii) *Second Notice:* Reminder notice with request to cure violation by a specific date to be determined by the Board or its committee.

(iii) *Fine/Hearing Notice:* If the violation is not cured by the date set forth in the Second Notice, a Fine/Hearing Notice will be sent to the violating Owner setting forth the nature of the violation and requesting the violating Owner's immediate remedial action. Also, the Fine/Hearing Notice will establish a fine amount and set a hearing regarding the potential imposition of that fine (see schedule below). In addition to the fine, the Association may suspend the Owner's voting privileges and/or an Owner's right to use the Common Area facilities as well as assess attorneys' fees and costs, if any, associated with obtaining the violating Owner's compliance.

(iv) *Note:* For subsequent, repeat violations (2nd, 3rd) of the same type as prior violations, no Warning or Second Notice will be sent to the violating Owner. Instead, the Association will immediately send a Fine/Hearing Notice establishing a fine amount consistent with the schedule below, setting a violation hearing and providing the Owner with at least ten (10) days' notice. For subsequent violations of the same type, the Board may assess fines pursuant to the schedule established for second and third violations. Continuing violations may result in daily fines and/or the increase in the fine amount, without further notice or hearing, to be automatically added to the violating Owner's account until the continuing violation is cured.

(v) The following fine schedule shall apply to all violations (except leasing or rental violations):

1st Violation:	\$50.00 - \$300.00
2nd Violation (same offense):	\$200.00 - \$600.00
3rd Violation (same offense):	\$400.00 - \$1,000.00
Additional Violations (same offense):	\$500.00 - \$1,500.00
Continuing Violations (same offense):	Daily fines until cured \$50.00 - \$300.00

(vi) Leasing and Rental Violations: Any Owner who violates the Association's restrictions on the renting or leasing of residences within Rancho Serrano will be fined according to the following fine schedule:

1st Violation:	\$250.00 - \$750.00
2nd Violation:	\$750.00 - \$1,000.00
3rd Violation:	\$1,000.00 - \$2,500.00
<i>Continuing Violation:</i>	<i>Daily fines until cured \$250.00 - \$750.00</i>

RULES ENFORCEMENT POLICY

Revised June 27, 2006

The following procedures will apply to all violations and infractions of the governing documents and rules and regulations. Owners may report violations to the Management Company or the Board of Directors by submitting a written notice describing the violation. The Board of Directors, Management Company, or committee appointed by the Board may also note any violation discovered during walk-through, or by personal knowledge of any of its members or representatives. At the time a violation is noted or reported, action will be taken as follows:

1. A first notice to correct the violation will be sent by the Management Company. The first notice will contain a description of the violation, and instructions regarding response to the notice and correction of the violation. If the property is not in compliance within thirty-days from the first notification, it will be referred to the Association Board of Directors to conduct a CC&R enforcement hearing.
2. If the violation continues, or if the report is otherwise unsatisfactory after the first notice, the owner will receive at least fifteen (15) day advance Notice of a Hearing and intent to impose a monetary penalty and be afforded an opportunity to appear before the Board or an appointed committee either by appearing personally or by submitting written testimony. The notice shall be delivered to the owner personally or by first class or registered mail to the last address of the owner shown on the Association's records. The Board or committee shall give fair consideration to the owner's oral or written testimony in determining whether to impose a penalty. If the Board elects to impose a monetary penalty on a member, the member will receive a notice within five (5) days following the action by either personal delivery or first-class mail.
3. If the violation continues, or if the response is otherwise unsatisfactory, even after the imposition of a monetary penalty, the Board or its appointed committee may impose additional or continuing fines until such time as the matter is satisfactorily resolved.
4. If the violation continues, the Board may refer the matter to the Association's legal counsel. If a lawsuit is filed, the homeowner may be liable for the Association's legal costs and fees
5. Notwithstanding the above; for exigent or pending circumstances, the Board may at their discretion immediately notice a hearing, by either personal delivery, first-class or certified mail.

ANTENNA/SATELLITE DISH INSTALLATION AND MAINTENANCE POLICY

Effective and Adopted October 30, 2002

1. INTRODUCTION

The Declaration of Covenants, Conditions and Restrictions for each home within **RANCHO SERRANO HOMEOWNERS ASSOCIATION** (CC&R's) prohibits installation within the Properties of any exterior antenna. Nevertheless, due to a change in State law, which expressly supersedes the CC&R's, such a prohibition is no longer enforceable against certain "small satellite dish" – type receivers.

This Policy is established by the Association's Board of Directors to maintain consistency for installation of certain antennae within our community, to comply with changes in State law and to ensure proper installation and maintenance. Except as provided in this Policy, no Owner may install any type of exterior antenna within **RANCHO SERRANO HOMEOWNERS ASSOCIATION**.

II. POLICY AND PROCEDURE

Antenna

The Federal Communications Commission, effective May 25, 2001 extended its satellite dish/antenna rule to cover antennas with a diameter of one meter or less that receive and transmit "fixed wireless signals". Under the rule, "fixed wireless signals" are commercial, non-broadcast communications signals transmitted by wireless technology to or from a fixed customer location. For instance, wireless signals used to provide telephone service or high speed Internet service are "fixed wireless signals". The FCC rule restricting the ability of community associations to control the placement of certain antennas and satellite dishes will now apply not only to antennas designed to receive broadcast signals (like satellite dishes), but also to wireless telephone and Internet antennas as well. Generally, the FCC rules prohibit any restrictions against the placement of antennas covered by the rule on exclusive use common area, or on a homeowner's separate interest, if the restriction would prevent the reception of an acceptable quality signal or impose unreasonable expense or delay. No other type of exterior antenna will be permitted to be installed within any portion of Redhawk.

Satellite Dish Policy and Procedures

1. Satellite dishes of one (1) meter (39.37 inches) or less in diameter, and other communication-receiving antennae or devices covered by the Federal Telecommunications Act of 1996 (the "Act") (collectively referred to in this policy as "qualified satellite receiver"), may be installed in the Owner's Lot as provided in this policy. Satellite dishes larger than one (1) meter (39.37 inches) in diameter, and any other antenna not covered by the Act, are prohibited as provided in the Association's governing documents.
2. Application to the Association shall not be required prior to installing a qualified satellite receiver.

3. No fee or deposit payable to the Association shall be required prior to installation of a qualified satellite receiver.
4. An Owner may install a qualified satellite receiver on the Owner's Lot in a location necessary for the signal strength desired. If more than one location in the Lot will provide the requisite signal strength, the Owner must place his or her qualified satellite receiver in the location which will minimize the visual effect of the equipment on the Common Areas and other residents.
5. Owner shall keep the qualified satellite receiver in good repair and maintenance and not permit the antenna to become unsightly.
6. Qualified satellite receivers may not be installed on any part of the Community Common Area.
7. Owner shall indemnify and hold harmless the Association, and its agents, directors, officers, and employees, from any and all loss, claim, damage, injury, judgment, or cost, including attorney's fees and court costs, resulting from or arising out of Owner's installation, maintenance, or use of the qualified satellite receiver, to the extent that Owner's negligence in installation, maintenance, and/or use of the qualified satellite receiver caused or resulted in the loss, claim, damage, injury, judgment or cost, including attorney's fees and court costs being indemnified.
8. Nothing in this policy is intended to unreasonably increase the Owner's cost of installing a qualified satellite receiver, unreasonably delay the installation, or unreasonably decrease the reception of the signals received. Should any Owner believe that anything in this policy unreasonably affects the cost, delays installation, or decreases signal strength, the Owner is encouraged to contact any member of the Board to discuss and resolve the matter.
9. Nothing in this policy is to be interpreted as being in contravention of the Act regarding the installation, maintenance, and use of qualified satellite dishes. Should any portion of this policy be interpreted as contravening the Act, that section or sections shall be considered immediately modified to conform to the Act. Should it be impossible to modify the section or sections, that section or sections shall be deemed severable from the remainder of the policy, and shall be of no force and effect whatsoever.
10. Prior to, or simultaneously with, the installation of the qualified satellite receiver, the Owner of the Lot shall execute a copy of this policy and provide the signed copy to the Community Board, c/o Avalon Management to confirm indemnification.
